

Guaranteed Accurate
Study for over 25 years!

Laser-Guided Test Prep Courses
ATP/ATH - Mil Comp to CFI/II/MEI - FEX
Mil Comp to Commercial / Inst
Dispatcher - Interview Prep
Instrument / Commercial
Fixed-wing and Helo

We are the only remaining Top-Off study courses because we guarantee...

- ... you will not see any questions on your FAA Written Exam that were not in our prep, or your money back!
- ... you will score 90% or better on your ATP/ATH or Flight Engineer test with our prep, or your money back!
- ... 24 hour-a-day personal, U.S.-based telephone technical support!

You will only study the questions that can show up on the test...

- ... Why study 1800+ questions for ATP when only 1000 can show up on the test?
- ... Why study over 1000 questions for the Mil Comp to Flight Instructor test (MCI) when less than half that many are used?

Features: The course content database is kept up-to-date 24-hours a day, even with the rapid pace of FAA changes, so it doesn't get old while you're studying. You don't need an internet connection to study. You can study as many hours as you want until you take the test (limited to one year). Our Study Strategy and software features guarantee you the least total study time and the best possible score (our subscribers score 10% above the national averages).

Prices: ATP / ATH - \$90.00 MCA / MCH - \$45.00
MCI (helo, fixed-wing, and glider) - \$60
Flight Engineer (FEX) - \$90
FOI - \$40 FIA / FRH - \$50 FII / FIH - \$50
CAX / CRH - \$50 IRA / IRH - \$50
ADX - \$90 Interview Prep - \$50.00

Compatible Computers:

PCs with Windows VISTA/7/8/9/10/11 or later
Macs with OS 10.10.5 or later
64-bit iPads with IOS 10.0 or later

Learn more about our guarantees, our technical support, and read customer feedback at www.SheppardAir.com; ask your friends what they've heard about us.
